

Developmental Milestone Check List

Three Years

Print this list and check the activities your child can do. Share it with your child's health care professional or teacher or keep for your records.

Child's Name _____ Child's age _____

At this age, children can put three to four words together and may even become quite talkative. They will sing and play with other children, but still may be shy around strangers. They are also learning how to follow rules.

What activities might your child do?
