

Developmental Milestone Check List

Three to Six Months

Print this list and check the activities your child can do. Share it with your child's health care professional or teacher or keep for your records.

Child's Name _____ Child's age _____

Babies at this age begin to pay attention to the world around them. They hold their heads up, begin to roll around, play with their toes and react to noises.

What activities might your child do?

- | | |
|--|--|
| <input type="checkbox"/> Likes to watch her own hands and looks at other things around her | <input type="checkbox"/> Wants to try food other than milk |
| <input type="checkbox"/> Gets quiet when hears a voice | <input type="checkbox"/> Seems excited when about to be fed |
| <input type="checkbox"/> Can reach for or bang a toy | <input type="checkbox"/> Can suck or close lips on spoon to get food |
| <input type="checkbox"/> Can babble (da, ba, mmm) | <input type="checkbox"/> Can bring both hands to center |
| <input type="checkbox"/> Can laugh or giggle | <input type="checkbox"/> Can play with her toes |
| <input type="checkbox"/> Will look toward a noise | <input type="checkbox"/> Can hold head up, can roll (from back to tummy) |
| <input type="checkbox"/> Can smile if you smile at him | |
| <input type="checkbox"/> Can get upset at the loss of a toy | |
| <input type="checkbox"/> Responds more to caregivers than others | |

Each activity your child is doing is typical of his or her age.

If your child isn't doing all the activities, it doesn't mean anything is wrong. Children can vary by as much as six months in some of the things they are able to do. If you do have questions about your child's development, you can call the CONNECT Helpline, a program of the State of Pennsylvania.

CONNECT Helpline 1-800-692-7288

The child specialists on the CONNECT Helpline are there to answer questions and provide information about child development for families of children ages birth to age five.
